Abuja, FCT, Nigeria | 09158690109 | hanny.gwc@gmail.com | linkedin.com/in/hannatu-abubakar

PROFESSIONAL SUMMARY

Versatile and detail-oriented professional with 3+ years of experience spanning Virtual Assistance, Customer Service, Social Media Management, Content Creation, and Frontend Development. Demonstrated ability to increase audience engagement, streamline operations, and deliver polished digital experiences for clients across diverse industries. Skilled at managing competing priorities in fast-paced remote environments with professionalism and precision. Currently pursuing a B.Sc. in Computer Science at Veritas University, Abuja.

WORK EXPERIENCE

Customer Service Representative

Dec 2025 – Present

Global Wissen Consult · Remote

- Handle inbound and outbound client inquiries via live chat, email, and phone, ensuring prompt and professional resolution.
- Maintain accurate CRM records of all customer interactions and escalate issues within defined SLA timelines.
- Support client retention through consistent follow-ups, contributing to improved satisfaction scores.
- Coordinate daily team updates across Hubstaff, Trello, and Slack to ensure workflow alignment.

Social Media Campaign & Influencer Researcher

Sep 2025 – Nov 2025

Global Wissen Consult · Remote

- Planned and executed multi-platform social media campaigns, achieving a 20% increase in audience engagement.
- Researched and coordinated influencer partnerships that significantly expanded brand reach across target demographics.
- Monitored campaign analytics and adjusted strategies in real time to optimize performance outcomes.
- Managed project timelines and deliverables collaboratively using Asana and G Suite.

Content, Social Media & Graphics Assistant

Oct 2024 – May 2025

Allure Collections · Jos

- Created, scheduled, and published engaging content across Instagram, Facebook, and TikTok, boosting engagement by 30%.
- Designed marketing graphics and promotional materials using Canva and Figma, maintaining consistent brand identity.
- Managed brand social media accounts and responded to customer inquiries, driving higher satisfaction rates.
- Collaborated cross-functionally with the design and marketing teams to align content with campaign objectives.

Freelance Frontend Developer & UI/UX Designer

2023 – Present

Self-Employed · Remote

- Design and develop responsive, pixel-perfect web interfaces for clients across various industries using HTML5, CSS3, and JavaScript.
- Translate Figma and Adobe XD mockups into clean, production-ready code with a focus on performance and accessibility.
- Build and maintain portfolio websites, landing pages, and e-commerce pages with mobile-first design principles.
- Manage full project lifecycle — from client briefing and wireframing through to deployment and post-launch support.
- Collaborate with clients remotely to gather requirements, present prototypes, and iterate based on feedback.

Media Team Editor & Social Media Assistant

Oct 2023 – Jun 2024

Dare to Be Different · Abuja

- Edited videos, photos, and written content for quality, tone, and brand consistency across all platforms.
- Increased social media engagement by 25% through strategic content planning, scheduling, and community management.
- Coordinated online campaign promotions and assisted in event coverage and content distribution.
- Produced visual assets for campaigns and events using Adobe Photoshop and Canva.

Virtual Assistant & Administrative Support

Aug 2022 – Aug 2023

Freelance · Remote

- Managed calendars, email inboxes, and task lists for multiple international clients simultaneously.
- Conducted in-depth online research and compiled structured reports to support business and strategic decisions.
- Coordinated outreach calls and project follow-ups, improving operational efficiency for clients.
- Streamlined client workflows using HubSpot, Zoho CRM, and Google Workspace tools.

EDUCATION

Bachelor of Science — Computer Science

Sep 2023 – Present

Veritas University · Abuja, Nigeria

- Relevant coursework: Programming, Data Structures, Software Engineering, AI & Machine Learning fundamentals.
- Applying academic knowledge through real-world frontend development projects and a professional digital portfolio.
